*Hello all! I noticed my ATI blog post has easily been my best performing blog post views-wise (see that post here). I decided to create a general blog post describing how to study for ATI proctored exams in general. My method was a bit different for some exams compared to others, but pretty much the same. This post will delve into that. If you are interested, keep reading! *Disclaimer: This post ...*

My school does ATI tutor and live review before our Comp Predictor. So far the tutor part is us doing lots of practice tests. I think if you used the Q bank in Learning System RN 3.0 that you'd have a similar experience. Keep the ATI test taking strategies in mind: ABCs, Maslows, etc as that will help you when you don't know the answer.

*So my school uses ATI for majority of testing and due to COVID they decided to make everyone do VATI. Now when I did the proctored comprehensive in class I scored a 96% PoP. For VATI to get the green light you need at least a 92%. I thought no sweat right? Wrong. I scored a 90% PoP on the VATI predictor and felt that it was significantly harder than the other ATI predictor tests I had taken
