Alvin Plantinga (2011) has argued that the conflict is not between science and religion, but between science and naturalism. The independence model holds that science and religion explore separate domains that ask distinct questions. Stephen Jay Gould developed an influential independence model with his NOMA principle ("Non-Overlapping ...

Port Manteaux churns out silly new words when you feed it an idea or two. Enter a word (or two) above and you'll get back a bunch of portmanteaux created by jamming together words that are conceptually related to your inputs.. For example, enter "giraffe" and you'll get back words like "gazellephant" and "gorilldebeest".
